

Corrigendum to ‘Guideline No. 424: Umbilical Cord Management in Preterm and Term Infants’ [J Obstet Gynaecol Can 44 (2022) 313–322]

Sarah D. McDonald, MD, Hamilton, ON

Michael Narvey, MD, Winnipeg, MB

William Ehman, MD, Nanaimo, BC

Venu Jain, MD, PhD, Edmonton, AB

Krista Cassell, MD, Charlottetown, PE

The original guideline listed the Association of Ontario Midwives as having reviewed this document. Although the Association of Ontario Midwives provided feedback on the guideline, the association does not endorse the final version as applicable to midwife-led care.

Corrigendum dans la « Directive clinique n° 424 : Prise en charge du cordon ombilical chez le nourrisson prématuré ou à terme » [J Obstet Gynaecol Can 44 (2022) 323–333]

Sarah D. McDonald, M.D., Hamilton, Ont.

Michael Narvey, M.D., Winnipeg, Man.

William Ehman, M.D., Nanaimo, C.-B.

Venu Jain, M.D., Ph.D., Edmonton, Alb.

Krista Cassell, M.D., Charlottetown, Î.-P.-É.

La directive clinique originale mentionnait que l'Association of Ontario Midwives avait passé en revue ce document. Bien qu'elle ait fourni de la rétroaction sur la directive clinique, l'Association of Ontario Midwives n'appuie pas la dernière version de la directive pour application dans les soins dirigés par des sages-femmes.
